

HAPPY TRAILS

Many thanks go out to TWHBEA and the Host-A-Ride program for their support of the first NCWHA (Northern California Walking Horse Association) trail ride held on Saturday, September 19th. TWHBEA members, NCWHA members, and guests enjoyed a beautiful day of riding in the California foothills at Camanche Lake North Shore in Lone, California. The scenic trail ride was a mix of seasoned trail blazers and those non-regular trail riders that put up with a bit longer ride than they expected. The day was warm and bright with an occasional slight breeze that was just enough to keep you comfortable. Everyone arrived on time and was ready to ride pronto. Although the ride started off relatively tame, the more seasoned riders had plenty of time to enjoy the rocking chair canter that our beloved breed is so well known for. Patient volunteers stayed behind and set up a shade tent, table, chairs, and plenty of good food and icy cold beverages for the riders to enjoy upon their return. TWHBEA also provided interesting TWH literature and very cool baseball caps which were provided to all participants. New friendships were formed and NCWHA welcomed two new members to the club. For more information on NCWHA membership and events please visit www.norcalwalkers.com and for more information regarding TWHBEA membership, events, and registration please visit www.twhbea.com.

THANK YOU to everyone that attended this event!
