My passion for horses started as a very young girl. I would describe myself as the epitome of the horse crazy girl. I was lucky enough to have the opportunity to receive as a Christmas gift from my uncle my very own pony named “Princess” and from there my love affair with horses began. My passion for horses was fed by my grandmother and aunt who introduced me to the Tennessee Walking Horse. I entered the show ring on one of my grandmother’s SSH and since then there has been no turning back. I enjoy trail riding, attending horse shows, promoting and educating the public on our great breed and protecting our horses so that they will be around for future generations to enjoy because after all they can’t protect themselves. I truly believe we have the best breed of horse in the world and will do everything I can to spread the word to anyone that will listen!!!
